Designer handbags are to women what trophy wives are to men---signs of refined taste and objects to tote around as a show of social status. So why not buy your mother a little status so she can showcase her good taste? Make your mom feel special. Buy her a Michael Kors designer handbag for Mother's Day! It's a chic way to say "Thanks mom for you all you do."

GIVE THE FEEL

Michael Kors designer handbags offer soft, supple quality leather exteriors in various artistic designs that delight and satisfy these desires for recognition. How many times have you picked up a Michael Kors bag just to run your hand over the leather and give it a good squish and squeeze? And that leather smell excites the senses as much as does the smell of a new car! What a great gift!

GIVE THE QUALITY

Michael Kors bags aren't just status bags. They also provide useful options that women love. Each bag has plenty of storage, utility and function. The exterior decorative features include Michael Kors signature MK logo either embossed into the leather or etched into gold or silver detachable charms or bobbles. Some exterior designs include front, side, and back pockets, and some of these pockets include zip-top closures. Top exterior closures include zip or snap design options, and the exterior and interior zippers don't jam or get stuck on the interior fabric. The shoulder strap features include options in all-leather flat straps, leather and chain combinations, rolled handles, and detachable designs---and these straps won't slide off the shoulder or pull loose from the bag. What are you waiting for? Your mother will love a Michael Kors bag.

GIVE THE SPACE

When you buy your mother a Michael Kors bag, she is treated to a spacious interior with a variety of compartments for storage. The bright and decorative interior fabric allows her to see into the bag for quick and easy access to the things she needs. All interiors include pockets for cell phones, pens and pencils, and a back-wall interior zip pocket. Some of the larger bags include an inside zip-top center pocket with room for the larger items she wants to be secured. Think of Michael Kors handbags as a Mother's Day gift option. Your mother will appreciate that you bought her a gift that is both classy and useful.

GIVE THE LOOK

Whether your mother carries her new Michael Kors handbag in her hand, hangs it from her elbow or shoulder, or wears it cross-body style, she gets noticed because she has the look. And those who look will be wondering where to get one themselves. What a perfect conversation starter! Some might ask where she bought her bag, and others will want to know the price. With a Michael Kors bag, you give your mother boasting rights, and you show her how much you care.

GIVE THE GIFT

Michael Kors bags can be purchased at any major department store, and the bags can also be purchased online. Shop around. Find a bargain. Buy the bag. Your mother will be proud that the bargain hunting skills she taught you resulted in a quality Mother's Day gift for her. Don't wait! Mother's Day is only two days away.
